Presidents Corner

This may be my last contribution to the Cedar Valley Woodworkers Newsletter. I want to give a special thanks to all the members who politely endured my conduct of the meetings. At the upcoming Christmas Party, Wednesday, December 12th. Bring a hot and a cold dish and table service for yourselves. The meeting starts at 6:30 pm but plan to arrive about 6:00 pm to get your food set out and to talk with other member's spouses. The show-and-tell items to be judged on popularity should be set out by 6:15. The prizes this year are amazing. You will be sorry if you have to miss it, so clear your calendars. December 12, Wednesday **not** Thursday.

are coming along well. There is nothing more memorable than a hand-made present. It means careful personalized selection, time-consuming efforts and enduring love for the recipient. Keep at it; we do not want to be waiting for the finish to dry on Christmas Eve.

Looking forward to a Great New Year at Cedar Valley Woodworkers Association. See you at the Christmas party.

I am also happy to report that we will install a new President. You will be pleased to know the new President is responsible, competent, knowledgeable, dependable, and generally spectacular. (Don't tell him I said that.) His name is Stephen Crouse and he is a humble helpful leader. You will be so pleased with his leadership.

We still have space for a Vice President so mention it to someone if you are willing to put in a little extra effort on behalf of your club. It is an easy position and the committee members are a great group of people to be associated with.

I hope your wooden Christmas presents

New Business:

Dave Turner:

Contacted 'Makers Space' about having one of our meetings there, as well as a tour. Dave was told the space where we had our meeting there last year is no longer available to 'Makers Space' but they are open for CVWA to have another tour.

'Hartville Tool,' one of our sponsors, needs an updated membership roster so that they can give our membership a 10% discount.

The Board decided that we need to ask our

members if they would like to have their name included in the listing that will be sent to 'Hartville Tool.'

Noticed that we haven't had a 'Club Photographer' listed on our website for several months. The Board decided that John Hix should be listed as our club photographer.

Gene Knief – Asked if there was anything in place for when a speaker was not able to come and present their program at a general membership meeting. It was decided that Dave Turner should move the videos, that are being stored at his home, to the club's meeting place, so that they can be shown in place of the scheduled program.

Stephen Crouse – suggested that we announce at the next couple of meetings, as well as insert in the upcoming newsletters, our policy that states if the Waterloo & Cedar Falls schools are dismissed early due to weather, our club meeting is cancelled for that month. We should also notify KWVL that our meeting is cancelled.

Due to an article that was in the latest 'Woodworkers Journal,' that was about a St. Louis woodworking club donating wood toys for Christmas, the CVWA board was asked about the club decision to no longer donate projects to various organizations. It was found that Missouri laws are different than those of Iowa and that it isn't economically feasible for the CVWA to donate wood projects due to liability issues.

Discussion on ideas to get new members.
