### Presidents Corner

Since February is cold and my shop is unheated, on warmer days, it's a great time to get caught up on some maintenance on my power tools for the upcoming woodworking season. Make sure all your power tools are properly aligned plumb, level & square and tuned up and all surfaces are clean, slick and smooth.

I have a lot of respect for my miter saw and what it can do in its overall performance doing woodworking tasks. I use it almost every day. However, whenever I do use it; I can see 100's of different ways, things can turn perilous right quick! Wood cuts can suddenly slip out of your fingers and shatter into a trillion splinters inside the blade guard! Then, after your composure returns and checking all your digits; you return inside and change your soiled shorts!

Remove all rust, paint overspray, grime and excess grease on all the metal work surfaces. Check all electrical cords and be sure all your chisels, drill bits, saw blades are razor sharp. Toss away any junk materials or dried up glue bottles, paint brushes and cans. Do a though, "Clean-up In Aisle 6" throughout the entire workshop for sawdust removal, organize and what not. But I still like the fact; I enjoy all my woodworking stuff. My wife gives me the hot tongue and cold shoulder after surveying my workshop, "Why do you keep these wood scraps, when they're good for nothing?" But like a broken record, I keep telling her, "I like to keep it until it is good for something! You just never know!"

Don't forget about that our upcoming March meeting, when we will be crowning our "Table saw Push stick Challenge" Champion! Top prize is a choice from our tool pile!

Our next regular meeting is: Tuesday, February 10<sup>th</sup> 6:30 pm at the Waterloo Center of the Arts.

Our February speaker is, local artist Candace Warby, of "Whimsical Twist", a business window & storefront paint artist that creates a silent spokesperson inviting potential customers and setting the tone for what awaits inside the establishment; making it a memorable experience. All her works of art are a standout performance telling a story, words can't convey!

Most importantly, Be Safe, Have Fun & Happy Woodworking!

*President*
