Milo Mead

Presidents Corner

Greetings fellow makers of sawdust and wood shavings,

The top floor of my dome clock is completed. All four clocks are in and running; chimes are chiming. After a few days of drawing on graft paper, I have now have a plan and design for the next floor under this one. Clock won't get and any wider just taller. I will probably bring it for show and tell for the Nov meeting. Before I start on this I have two maple fish cleaning cutting boards to make. Also have a few more things to do outside before winter gets here.

There will not be a Christmas party this year. However, starting Nov. 10 we will have our monthly woodworkers meeting (second Tues.) in our usual meeting place (Town Hall Room). Don't forget Tues. Dec. 8 woodworkers meeting will be held there also. Masks are mandatory and obviously social distance, so deodorant is optional. We are only allowed 36 people in this room for meeting. Dave Turner is checking with Arts Center to see if we can use the larger room if we have more than that show up. Nov. meeting is also election. We are looking for someone interested in being 1st vice president. Let me or any board member know if you are interested. No experience necessary.

I remember at shop class in school we had to always clean up and put away the tools. To insure we knew where the tool went, a black silhouette of the tool was on the peg board. Maybe your shop class did that too. My first and only attempt in shop class to make a bowl on the lathe ended in the garbage can. I was tooling the inside of the bowl when all of a sudden my chisel caught and I gouged the

inside. All efforts to get the gouge out only resulted in more gouges. I guess I should have paid more attention in class. Until next time,

Milo Mead, President

The Editor

Cedar Valley Woodworkers Executive Board Meeting Minutes 20 October 2020

Meeting called to order by President Milo Mead at 7 P.M. at Dave Turner's home.

Members Present:

Steve Crouse, Gene Knief, Milo Mead, Steve Robb, Dave Turner & Jim Wikle

Secretary's Report: Steve Robb presented the monthly Secretary's Report. Motion to approve was made by Dave Turner. 2nd by Stephen Crouse. Approved.

Treasurer's Report: Reed Craft was not in attendance, therefore no 'Treasurers Report' was given.

Additional Agenda Items:

Dave Turner:

Presented the club's tool inventory, both at the 'Waterloo Center for the Arts' and being stored in his garage.

Confirmed to the Board that he was able to cancel the Schoitz Room and secure our usual meeting room for a general membership meeting on Dec. 8th.

During his meeting with the 'WCA' he was told:

Masks are now mandatory for all people to be in the Center.

Due to 'Social Distancing' the maximum occupancy for our usual meeting room is 36.

Learning this, the Board discussed alternative options for membership meetings.

Milo Mead – Informed the Board that he has received a letter of resignation from Don and Barb Gurney from their jobs of making coffee and arranging treats.

Milo will take over making coffee for the meetings.

Dave Turner will contact the members who were assigned to bring treats for the November meeting and tell them not to do so. Dave will also purchase, and package treats to be provided to the membership until the COVID issue is resolved.

Items for the November general membership meeting's agenda were discussed.

A mass email, as well as a letter to those members that do not have email is to be sent out:

Advising the membership that there will be a General Membership meeting on November 10th at 6:30 PM. A November membership meeting is required by the club's by-laws:

for the election of officers and board members for the upcoming year. This year's board is recommending carrying-over the current officers and board for 2021.

changes to the by-laws
other business

A separate mailing advising the membership that there will be **NO Christmas Party** this year.

Discussion on future General Membership

Meetings – a motion was made by Gene Knief, 2nd by Stephen Crouse and Approved by those in attendance, to have monthly membership meetings starting in December 2020.

Spouses gifts for Christmas party 2021 – although no new ideas were brought forth at the meeting, Milo is going to start making the gift that Dennis Gilroy has suggested at an earlier board meeting.

Next General Meeting date: 10 November 2020

Next Executive Board Meeting date: 17 November 2020

Newsletter Deadline: 25 October 2020

Motion to Adjourn: 7:45 PM

Respectfully Submitted,
Steve Robb, Secretary

Editor: The Third of four pages on the development of power tools

EVOLUTION OF WOODWORKING POWER TOOLS

1950

Porter-Cable first offers its Model 100 router, a portable power tool still in production.

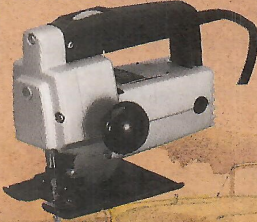

1953

Black and Decker produces the first finishing sander and jigsaws for the consumer market.

1956

Porter-Cable introduces first portable reciprocating saw with orbital blade.

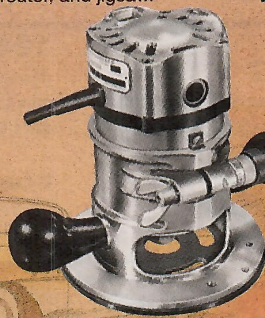

1957

Black and Decker unveils first heavy-duty routers.

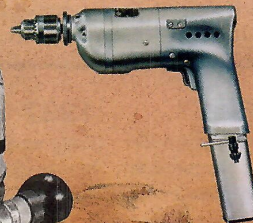

Swiss cabinetmaker Herman Steiner patents the world's first plate (biscuit) joiner and forms the Steiner-Lamello company.

Skil debuts portable oscillating sander, router, and jigsaw.

1961

Black and Decker introduces world's first cordless drill, powered by self-contained, nickel-cadmium batteries.

1963

Sears Craftsman adds the silicon-controlled rectifier on the switch of its 3/8" drill, allowing it to operate at different speeds without losing power.

Porter-Cable patents their first high-speed, small-orbit finishing sander. (The Sterling sander was first offered by them in 1949.)

1951

Milwaukee Electric Tool presents the first portable electric reciprocating saw, still referred to as the Sawzall.

1959

Sears Craftsman offers the 5-in-1 Power Workshop: 8" benchsaw, disc sander, sabresaw, and jointer-planer in one unit.

1962

Skil markets the first double-insulated electric tool in U.S., the Model 1706 Roto Hammer for professionals. Also develops, patents, and produces the first variable-speed drill with a trigger speed-control switch.

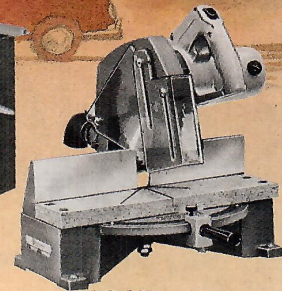

1966

Black and Decker debuts the new DeWalt line of industrial radial-arm saws.

1967

Rockwell produces the world's first motorized miter box, a 9" model.

1955

Skil perfects method of brazing carbide tungsten to metal.

1974

Milwaukee Electric Tool presents the first 1/2" professional pistol drill.
